

**FROM THE PRINCIPAL**

Dear Parents and Community Members,

The annual report card issued by the Oregon Department of Education offers a view of how our students performed during the 2015-2016 school year. Ratings are calculated using a combination of student achievement and academic growth in Reading and Mathematics for grades 3-6. We are proud to acknowledge that Lynch View Elementary School received a Level 5 in the area of academic growth. Due to the hard work and dedication of our staff and students, significant progress has occurred in all subject areas and each grade level.

At View, we strive to develop the whole student. Test scores are important, but equally important are other measures, and we are

progressing toward our goal of delivering a quality education that prepares our children for future college and career. Our mission is to teach all, challenge all, and empower all to achieve academic success and become responsible, respectful and contributing citizens. We have implemented a school improvement plan that teaches, challenges and empowers every child to reach rigorous academic goals in reading, writing, science and mathematics. We look forward to increased academic achievement and growth as we partner with families to provide the best learning opportunities for all our children.

Thank you,

Principal | Jim Mangan
