Dear Parents and Community Members,

FROM THE PRINCIPAL

Dear Parents and Community Members,
The annual report card issued by the Oregon Department of Education offers a view of how our students performed during the 2014-2015 school year. Results are based on new, more rigorous assessments and higher academic standards. Lynch View Elementary School continues to show improvement in both English Language Arts and Mathematics. We are proud of this progress and also committed to continued growth and achievement.
At Lynch View, we strive to develop the whole student. Test scores are important but equally important are other measures. We have made great strides in reaching our goal of delivering a quality education that prepares our children for future success in college and career. Our vision is to establish a "culture of excellence" within a "community of care". Our mission is to teach all, challenge all, and empower all to achieve academic success and become responsible, respectful and contributing

citizens. We have implemented a school improvement plan that teaches, challenges and empowers every child to reach rigorous academic goals in reading, writing and mathematics as well as develop life skills that will help them navigate and ever-changing world.
We look forward to increased achievement and growth as we partner with families to provide the best learning opportunities for each of our students.
Thank you,
Principal | Jim Mangan

STUDENTS

OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
